

Buddy® System Of Fiberglass Conduit Rodders & Fish Tapes

Jameson's non-conductive fiberglass conduit rodders and fish tapes offer a winning combination of strength, flexibility and safety. Whether you are installing short run electrical wire or running long distance coax cable, Jameson has a Buddy® to help you do the job.

Big Buddy® Conduit Rodder

- Rod or fish conduit of 4" or larger
- 19" bending radius; 1,400-lb pull strength
- Manhole-to-manhole or long run cable pulls
- Fully portable, transports in small van
- Operates vertically or horizontally
- Drag brake to control payout
- Foot and meter markings available on rod
