The Light Duty Pole For Landscapers

Economical pole for landscapers and homeowners.
Lightweight, flexible.
Features the same high quality aircraft grade aluminum ferrules used on Jameson’s JE and FG poles.
Protective surface veil prevents fibers blooming at surface level due to abrasion or UV light.

- Attach Tool Head to Pole’s Ferrule (Pruner or Pole Saw) with Adapter
- For Additional Length, Attach Extension Pole(s) Into Base Pole

For highest performance and safety, Jameson recommends using a Base Pole when using one pole or starting with a Base Pole when working with multiple poles.
