REFLECTIVE SHEET STRIPING

The striping patterns on our reflective sheeting differ according to the direction desired. The following chart gives examples of the stripe direction when used with our products.

Left Diagonal Reflective Sheeting	Right Diagonal Reflective Sheeting
<div data-bbox="321 674 630 753" data-label="Image"> </div> <div data-bbox="321 806 618 884" data-label="Caption"> <p>Left Diagonal-Rail or Panel</p> </div> <div data-bbox="339 940 555 1312" data-label="Image"> </div> <div data-bbox="261 1367 643 1444" data-label="Caption"> <p>Right Diagonal-Vertical Panel</p> </div>	<div data-bbox="964 674 1273 753" data-label="Image"> </div> <div data-bbox="964 806 1284 884" data-label="Caption"> <p>Right Diagonal-Rail or Panel</p> </div> <div data-bbox="1008 940 1224 1312" data-label="Image"> </div> <div data-bbox="940 1367 1305 1444" data-label="Caption"> <p>Left Diagonal-Vertical Panel</p> </div>

Please note that both vertical panels use the reflective sheeting opposite of their descriptive name.

(e.g. Right Diagonal-Vertical Panel uses reflective sheeting labeled “Left Diagonal Reflective Sheeting”)

When ordering, please designate the desired stripe direction.
