

# WORKS BARRICADE

## 36" WOOD PANELS WITH GALVANIZED LEGS

### TD2300 MODEL

NCHRP350 CRASH TEST CERTIFIED  
AND MEETS MUTCD STANDARDS

#### FEATURES:

- Type I Barricade can be purchased as assembled units or component parts. Legs and boards can be purchased separately. All barricade components are completely interchangeable.
- Legs are standard 45" manufactured using galvanized steel in 12 and 14 gauge thickness.
- All sheeting complies with ASTM 4956.19.
- Barricades are assembled utilizing 1/4" x 1" galvanized carriage bolts with locknut and hinged with two 1/2-13 X 1" hex bolts and 1/2-13 nylon locknuts.
- 36 inch wide plywood boards are painted white and are sheeted with 6 inch wide retroreflective sheeting.

#### COLORS AVAILABLE:

The TD2300 Works Barricades are currently available in White. Three D Traffic Works can manufacture this product to your desired color.

#### GENERAL INFORMATION:

General information is listed on the reverse side. The measurements provided are intended only as a source of information. They are given without guarantee and are not classified as a warranty. A specification will be sent to you upon request.
