vCam Video Inspection Products

- One-touch recording
- Lightweight compact designs
- Locatable pushrod

- Wi-Fi and Ethernet interface
- Li-ion Rechargeable Batteries
- 8" Daylight viewable LCD
vCam-5 Control Module
Designed for ease of use and engineered for durability and dependability. The vCam-5 Control Module ensures trouble-free operation with little down time. Record to its 500 GB internal hard drive or directly to SD cards or USB thumb-drives in AVI video format. Standard features include a full text writer with the ability to change fonts and background colors, built-in rechargeable batteries, camera test port, sonde and locatable pushrod.

500GB hard drive holds approximately 30 hours of video.
8 inch daylight viewable display.
Li-ion rechargeable batteries.
One touch recording, JPEG still image capture, digital zoom and playback controls.
Easy secure reel mounting.

Reels
Our reels are built tough for the day-in/day-out situations. All of our reels come with locatable sondes and traceable pushrod. Our propriety brand of pushrod gives you maximum pushing distances in pipes and good flexibility for passing through elbows and sweeps.

TYPE-CP “STANDARD” REEL
- Wide enough profile to roll without rocking and tipping and slim enough to go through doorways and gateways.
- The all stainless-steel construction reel is available with 200 or 400 feet of standard size pushrod.

MX “MINI” REEL
- Small enough profile for use in confined areas or roof tops.
- Stainless steel and carbon fiber construction.
- Available in 100 or 150 feet of mini size pushrod.

### Sonde Locators

Vivax-Metrotech is a world leader in locator technology. We offer a range of locators from sonde locators to buried utility locators all using the latest in locating technology.

**VM-540 Sonde Locator**

The VM-540 locator comes with sonde frequencies of 512Hz and 33kHz and with a passive 50/60Hz mode which will detect the presence of power lines, CATV, telephone and some metallic pipes which radiate 60Hz. Depth is shown at the push of a button on the LCD display.

**vLocCam2 Sonde Locator**

The vLocCam2 locator is lightweight and durable with a full-color display. The vLocCam2 Receiver comes with sonde frequencies of 33kHz, 512Hz, 640Hz, power and radio. Push button depth displays the depth of cover.
